

## 2018 Priorities

These three priorities are actionable items we will be working on as a congregation this year. They will guide our work as a congregation: committees, small groups, Council, and individuals.

### Invite God's **DIVERSITY**

Grow a church culture that invites God's diversity.

Be formed inwardly by God's grace and hope.

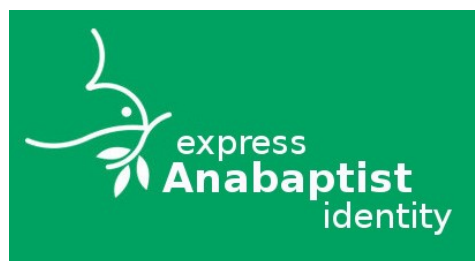

Work for racial justice within ourselves, our congregation, and our community.

## 2018 Questions

These questions are ongoing conversations that may guide our work and develop into future priorities.

How shall we create space for those in our church who feel vulnerable and marginalized, and embrace our own vulnerabilities?

How will we explore our Anabaptist peace church identity in our place and time?

How and when is God calling us to use the apartment building for ministry?
